

COMMUNITY OPPORTUNITY BOARD OF DIRECTORS

The Kawartha Lakes Community Futures Development Corporation (KLCFDC) is a private, not-for-profit corporation that operates in the City of Kawartha Lakes; and as part of both the Eastern Ontario and the Ontario Network of CFDCs that receives financial support through Federal Economic Development Agency for Southern Ontario, FedDev Ontario.

Our mandate is to promote business and community economic development in our area. We deliver on this by providing business and advisory services, access to capital, collaborating with community partners in the development and delivery of community-based initiatives, and in working with the public sector, private business and all three levels of government in delivering economic development services and opportunities for the City of Kawartha Lakes and Eastern Ontario.

We also are contracted through the Ontario Ministry of Training, Colleges and Universities to deliver the Self-Employment Benefits Program for individuals seeking to become self employed as an alternative to employment. Participants receive business planning and skills training, practical business mentoring and income support. We also implement and administer the Eastern Ontario Development Program (EODP) in our area; a socio-economic program of the Federal Government that allows rural Eastern Ontario communities to pursue the creation of a competitive and diversified regional economy through investment in community economic development, small business growth and job creation.

Currently we are seeking a few business and community-minded individuals who would like to join our Board of Directors. As a member of our Board, you will need up to 6 hours a month to attend both our monthly Board meetings as well as in preparing and participating in our business and community activities and events.

If you are interested in learning more about this rewarding community opportunity and in joining our Board of Directors, please contact Andrew Wallen, our General Manager, who will provide more information for your review and consideration.

We also invite you to learn more by visiting our web site at

www.KLCFDC.com.

We look forward to hearing from you.
